Because there's

NO TOUGH GLUTEN

Good cooks know the secret of baking with Omega Flour. For Omega is a fine, delicate flour — entirely free from tough gluten.

It is made from 100% pure soft wheat, then sifted thru silk 32 times to super-fineness.

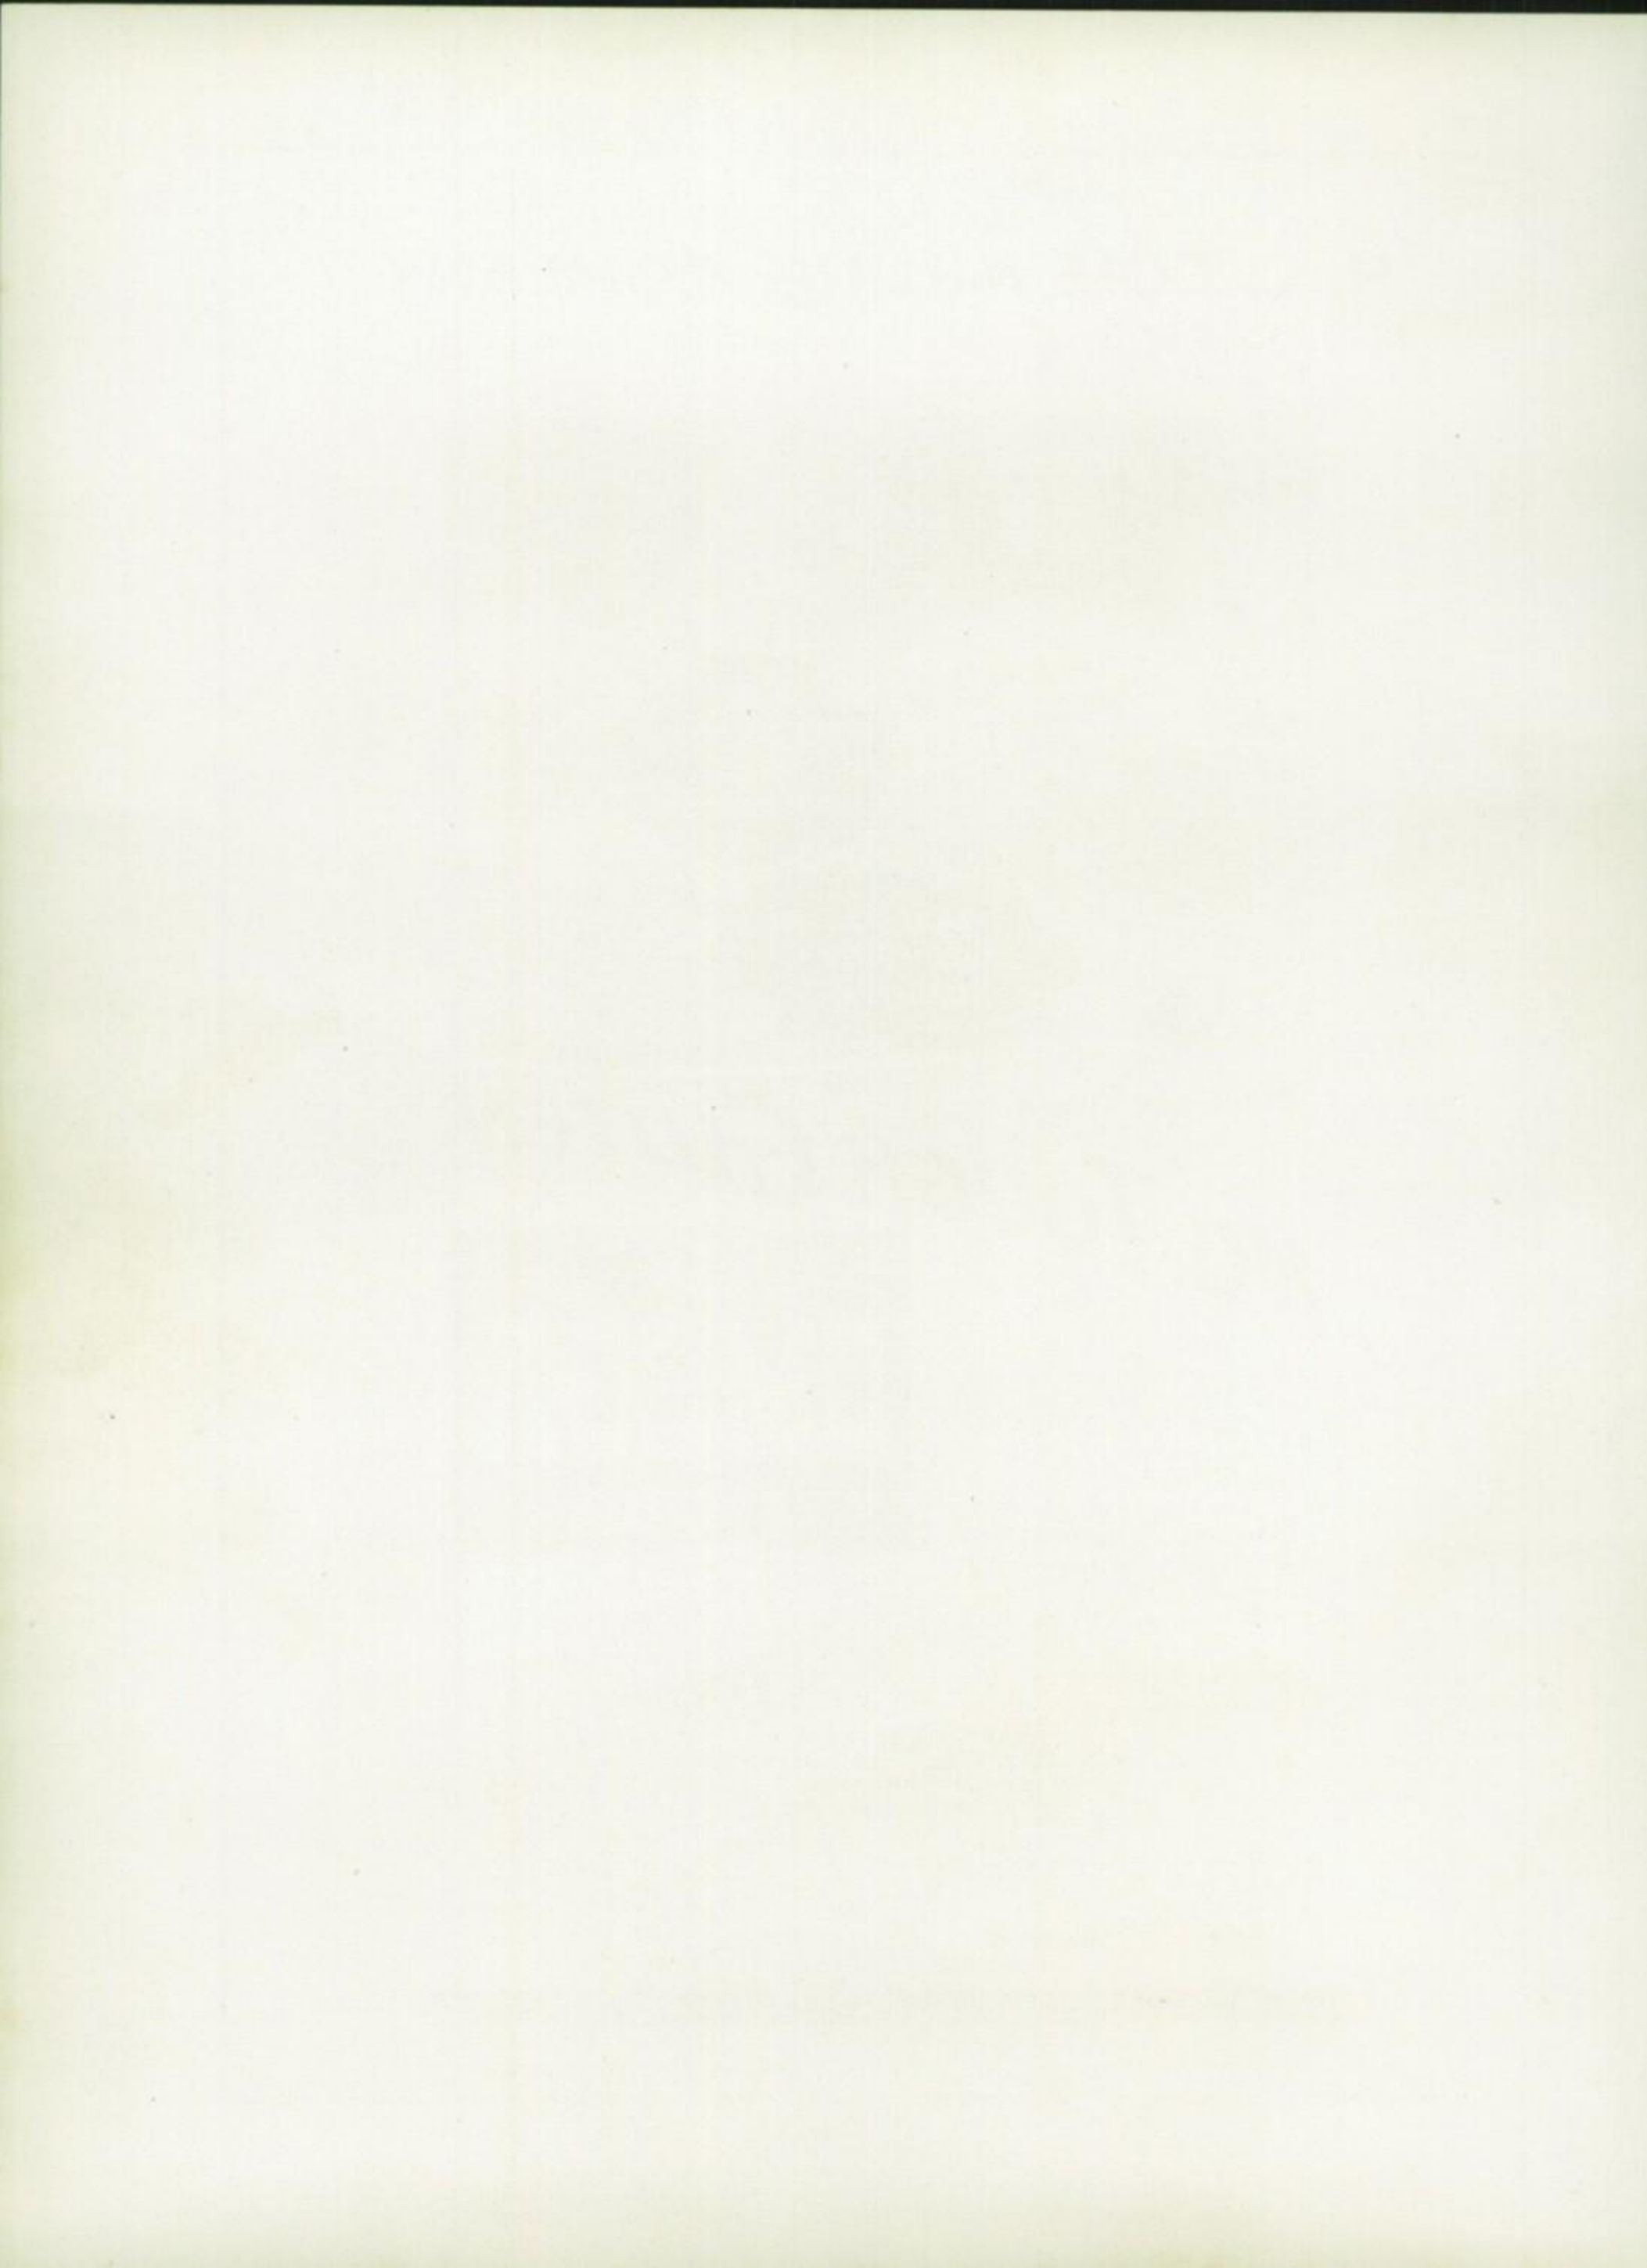

Remember too, you need less shortening when you bake with Omega! Try it — the flour that gives melt-in-your-mouth tenderness to pies, cakes, hot breads.
